VAPE PEN

VAPE PEN

THE CO2 COMPANY

HOW TO USE YOUR VAPE PEN:

FILLING THE TANK CLEAROMIZER:

1) Remove mouthpiece, and then small plug from tank.
2) Holding tank at 45˚ angle, fill tank about 2/3rd volume with your favorite oil concentrate or e-liquid, making sure not to get liquid into the central heating tube.
3) Reaffix small plug, and then mouthpiece back to tank.

USING THE VAPE PEN:

1) Screw tank to battery component.
2) Take a few light draws to prime the unit, then enjoy vaping with more regular inhalation from the vape pen.
3) When vapor diminishes in volume, it is either time to refill the tank or recharge the battery.

RECHARGING THE BATTERY:

1) Unscrew battery from the tank and screw battery into the USB charger.
2) Plug the USB charger into a powered USB port on a computer or other USB supporting device.
3) When LED light on charger turns green, battery is fully charged and ready for use (approx. 3-4 hours).

WARNINGS & DISCLAIMERS - PLEASE READ THE BELOW CAREFULLY AND THOROUGHLY

Read the following safety recommendations before using your Vape Pen. Keep this user manual in a secure area for future reference.

- Refrain from using this product if you are under the legal smoking age in your state, if you are a non-smoker, if you have demonstrated an allergy or sensitivity to any combination of inhalants, if you are pregnant or breast-feeding, or if you have heart disease, diabetes, high blood pressure or asthma. If you have any health concerns or issues, please consult with your physician prior to using the Vape Pen.
- The Vape Pen contains small parts which may present a choking hazard to small children. Keep the Vape Pen, its tanks and its accessories away from small children at all times.
- Avoid direct contact and ingestion of the tank/filter's e-liquid substance as it is concentrated and meant to be vaporized and released incrementally.
- The Vape Pen is not intended for use with illegal substances. Any illegal use of this device could subject the user to severe fines, penalties, and/or imprisonment under the law of your jurisdiction.
- Please note that dropping this device may cause it to no longer operate properly. Avoid contact with metal articles in your pocket, wallet, or other bags as this may result in short circuiting, heating or damage to the battery as a product of the conduction of electricity through the unit.
- Avoid Water and Wet Locations. Do not use the Vape Pen in the rain, near washbasins or other wet locations. In the event that your Vape Pen gets wet, unplug all connections to power sources before cleaning, and allow it to dry thoroughly before using it again. Do not attempt to dry the Vape Pen with an external heat source, such as a microwave oven or hair dryer.
- The CO2 Company is not responsible for any damage or personal injury caused by the irresponsible, incorrect, or inappropriate use of the Vape Pen.
- Do not use attachments or accessories that are not recommended by the manufacturer. The CO2 Company is not responsible for the operation of, or any damage caused by third-party accessories or their compliance with safety and regulatory standards.
- Never attempt to repair or modify the Vape Pen yourself. The Vape Pen does not contain any user-serviceable parts. The maintenance and repair of the product shall be conducted by the customer service department of the company only. The company takes no responsibility for any loss caused by abnormal use or intentional or careless misuse of the product.
